

AFRICA NAZARENE
UNIVERSITY

Master of **BUSINESS ADMINISTRATION**

Africa Nazarene University (ANU) Master of Business Administration (MBA) is a graduate degree that provides theoretical and practical training for business and/or investment management. Our MBA is designed to help graduates gain a better understanding of general business management functions.

The program seeks to offer participants a thorough grounding in business management. This will assist them to develop analytical skills and approaches to business management and to find the best solutions to business problems using appropriate tools

Our MBA is an online two-year program that allows students to attend school remotely. The program grants candidate's greater flexibility around when they take classes and how they attend school. It also offers creative approaches on how to foster collaboration compared to in-person options.

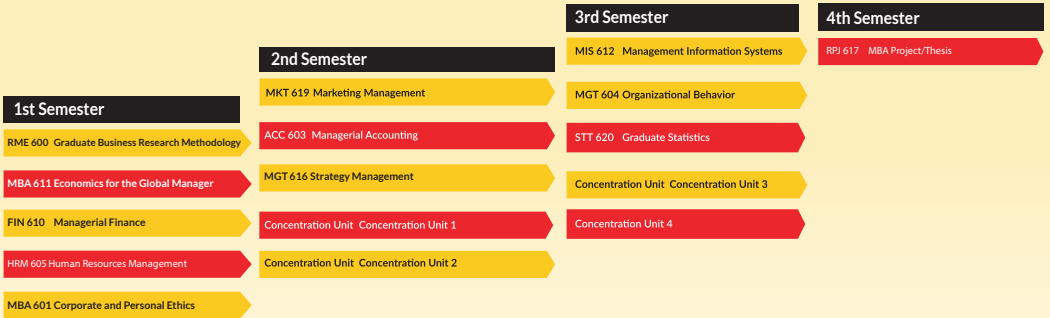

Our MBA program will give you the following benefits:

- Greater Awareness of a Global Market. Candidates can use their MBA to better understand what is going on in different areas of the world.
- Improve Communication Skills. Our MBA candidates often must communicate with other professionals, write research papers, and give formal presentations. MBA candidates can use their coursework to improve their ability to connect with others and build relationships.
- Expand Professional Network. Our MBA program has students from all over the world. Meeting others, forging relationships, and building a network is a central benefit of an MBA program. In addition to the knowledge obtained, the MBA program will allow you to connect with others with the prospect of mutual long-term benefit with your peers.
- Increased Job Opportunities. MBA candidates are often more desirable compared to other candidates based on their proven skillset and dedication to their profession. In addition, advancement or higher positions may become available to candidates that would otherwise not be considered for roles.
- Better Time Management. MBA candidates may have to juggle school, work, family, and life obligations. This will improve your self-efficacy in managing priorities, meeting deadlines, and organizing time to meet all expectations
